# EDUCATION

#### 2021-2025-PRESENT

Sri Venkateswara College of Engineering B.Tech - INFORMATION TECHNOLOGY

CGPA till 5th semester-9.0/10

#### 2020-2021

G.K.Shetty Vivekanda Vidyalaya

#### **HIGHER SECONDARY**

Percentage-95.6%

#### 2018-2019

Jaigopal Garodia Vivekananda Vidyalaya

#### **SENIOR SECONDARY**

Percentage-95.2%

# LANGUAGES KNOWN

English, Tamil, Hindi, Telugu

# SOFT SKILLS

- STRONG INTERPERSONAL
- COMMUNICATION SKILLS
- CRITICAL THINKING

# PROFILES

- <u>Hackerrank</u>
- <u>Leetcode</u>
- CodeStudio
- Github
- Portfolio

## ACHIEVEMENTS

Won 1st prize in HackHERthon-SVCE

# PREETHA

#### PERSUASIVE LEARNER

Extremely motivated to constantly develop my skills and grow professionally. Interested in learning new cutting edge technologies to work across different platforms.

#### **INTERNSHIP**

Technology Innovation Hub on Autonomous Navigation-IIT Hyderabad

#### **ROLE:** Research intern

- Worked on developing usecases for DSRC and C-v2x communication.
- Developed mobile application to achieve Vehicle to Everything communication through Bluetooth-low

#### **PROJECTS**

#### DRUG VENDING MACHINE

- · Web app that enables doctor to select medicines and dosages and to generate QR code with updated patient details.
- A vending machine prototype with QR code scanner which scans the QR code and encodes the medicine and dispenses on successful payment.

#### **ZOO-GUIDE WEB APPLICATION**

• A web application to get description of the animal by scanning a QR-code and suggesting nearby animals through short routes and also book zoo-shuttle.

### **PORTFOLIO WEBSITE**

• Created my own portfolio using Html, Css, Bootstrap, JS.

#### AI VISIONARY FOR BLIND

• A smart cane for visually challenged people with object detection using web-cam and real-time voice alert techniques, fall detection using gyroscopic sensor, detecting distance of objects using ultrasonic sensor and UI for tracking blind by care-taker(GPS-enabled).

BASIC ML PROJECTS: Waiter Tips Prediction, Image to pencil sketch. **BASIC PROJECTS USING JAVA** 

# TECHNICAL SKILLS

#### **PROGRAMMING LANGUAGES:**

C++,C,JAVA,HTML,CSS, JAVASCRIPT

#### **FAMILIAR:**

PYTHON, GIT, SQL, WEB AND APP DEVELOPMENT, AGILE-SDLC, IOT, MACHINE LEARNING-BASICS, BOOTSTRAP.
